

## Jerry Ochoa Bio

After teaching English Language Arts at Mark Twain Jr. High for several years, I returned to graduate school and earned my master's degree in school counseling from CSU Stanislaus in 2007. Now entering my 11<sup>th</sup> year as a counselor at MoHi, I am currently finishing the state licensure process to become a licensed psychotherapist. Going back to school to get my master's degree in counseling has been one of the best decisions I've made in my life! I love what I do and love working with young people and adults. My mission as a counselor is to add massive value to every student and client I work with through the counseling relationship. Outside of work, you'll usually find me chasing after my toddler son, training at the gym, or travelling.
